ENVIRONMENTAL
AND SOCIAL MANAGEMENT

Environmental sustainability lies at the heart of our operations. We assist clients in meeting environmental regulations, managing risks, and maintaining good community relations. We align our practices with international frameworks like IFC Performance Standards, ISO 14001, and the UN SDGs.

01 Environmental and Social Impact Assessments (ESIA)

02 Environmental and Social Management Plans (ESMP)

03 Environmental audits and compliance monitoring

04 Waste and tailings management systems

05 Water quality, hydrology, and hydrogeology studies

06 Air, dust, and noise pollution assessment

07 Rehabilitation and biodiversity restoration plans

08 Mine closure and post-mining land use planning

09 Climate change adaptation and carbon footprint management
