

OHS
AND RISK MANAGEMENT

Safety is non-negotiable. We support mining companies to create safe working environments through structured health and safety systems. We believe in proactive safety culture that safeguards both personnel and productivity.

01 Mine safety audits and risk assessment

02 Accident investigation and preventive control systems

03 Occupational health management and hazard control

04 Emergency response planning and training

05 Implementation of ISO 45001 Occupational Health & Safety systems

06 Fire prevention, ventilation, and rescue planning
